MW REALTY CRM · TESTER HANDBOOK · MODULE 11

Advertisements

Website banner ads: client booking, review by MW Realty, MW Realty's own ads, placements and pricing, and the impressions / clicks report

Where: CRM sidebar › Listings › **Advertisements** (`/crm/ads` , `/crm/ads/create` , `/crm/ads/{id}` , `/crm/ads/{id}/edit`). **Who:** Super Admin (manages MW Realty ads and reviews client ads); Agency and independent Agent (book their own ads). **Not shown** to agents who belong to an agency. **Locks:** KYC pending → “Unlocks after KYC approval”; plan without advertising → “Upgrade your plan to advertise on the website”.

1. What this module does

Every public page of the website has an **ad slider**. Agencies and independent agents whose plan includes advertising can **book a banner** on one page for a number of hours or days. MW Realty reviews each booking; only approved ads run, and only in their booked hours. The account then sees how often the banner was shown (impressions) and clicked.

Super Admin uses the same menu to run **MW Realty's own ads**, to **approve or reject** client ads, and to set per page how many client ads may run at once and their credit prices.

Client: Advertisements list

KPI tiles **Live now**, **Impressions · 30 days**, **Clicks · 30 days**, **Click rate (CTR)**, and a plan allowance tile (“N of M ads left this month”, max length, credits). Tabs **All**, **Live**, **Upcoming**, **Past**. Columns **Ad**, **Page**, **When (Dubai)**, **Status**, **Performance**, **Actions**.

Client: Book an Ad

Four steps: **1 Your banner**, **2 Where it links**, **3 Page and time** (page, day, how long, start hour grid), **4 How to pay** (Plan ad / credits). Live **Preview** (Desktop / Phone) and **Summary** on the right. Button **Book & send for review**.

Ad report (detail)

Status chip, banner and booking facts (Page, Runs for, Starts / Ends (Dubai), Paid with, Links to), KPIs (Impressions, Clicks, CTR, Impressions per hour), **Hour by hour** chart, **Busiest hours**, **By day** table.

Super Admin view

“Global view”. Tabs **MW Realty ads** (cards with On/Off switch, move up/down, edit, delete), **Client ads** (review cards with **Approve** / **Reject** / **Take down**), **Placements & pricing**. Button **Add MW Realty ad**.

2. How it works (business rules)

Book → In review → Approved · upcoming → Live → Ended

Client ad statuses (chip labels)

Chip	Meaning
In review	Booked, waiting for MW Realty. Not shown on the website.
Approved · upcoming	Approved; its start time has not come yet.

Chip	Meaning
Live	Approved and inside its booked hours: shown in the page's slider.
Ended	Booked time is over (or it was stopped early).
Not approved	Rejected by MW Realty (reason shown), or taken down while live.
Not reviewed in time	Still in review when its booked time ended. Closed automatically.
Cancelled	Cancelled by the client before it ran.

- **Time zone:** all booking times are **Dubai time**, whatever the tester's computer time zone is.
- **Start and length:** ads start on the hour. The earliest start is the next full hour; the latest is 60 days ahead. Lengths offered: 1, 2, 3, 6, 12 hours, 1, 2, 3 days. The plan sets the longest allowed; longer ones show a padlock (“Available on a higher plan”).
- **Slots:** each page allows a set number of client ads at the same time (“N ads at a time”). The hour grid shows per hour “N free”, “Full” or “—” (passed). Colours: Free, Last slot, Full / passed, Your ad. MW Realty's own ads do not use slots.
- **Payment: Plan ad** uses the plan's monthly allowance, counted by the month of the ad's **start** (Dubai). After that, or when the plan has no included ads, the ad can be paid with **credits** (if credits are available). Price: under 1 day = hourly price × hours; from 1 day = daily price × number of days.
- **Refunds:** rejected before it ran, cancelled before it ran, or not reviewed in time → credits refunded / plan ad given back. Stopped or taken down while live → the time used is not refunded and the plan ad stays used.
- **Editing:** only while **In review** or **Approved · upcoming**, and only banner, text and link (“The page and time can't change. To move it, cancel this ad and book a new one.”). Any change sends it back to **In review**.
- **Links:** client ads link to **One of my listings** (own active listing), **My profile page**, or **Another website** (https://). If the linked listing is later deactivated, the banner still shows but is not clickable.
- **Notifications:** the client gets a bell notification when the ad is approved (“Ad approved”), rejected (“Ad not approved” with reason) or not reviewed in time. Super Admin's sidebar badge counts ads waiting for review.
- **Automatic jobs:** every 15 minutes, ads still in review whose booked time is over are closed as “Not reviewed in time” with refund.
- **On the website:** the slider shows client ads first (random order each load), then MW Realty ads in their set order; a slide changes about every 6 seconds. Client ads carry a “Sponsored” badge and the advertiser's name. When nothing runs on a page, its ad block is hidden.
- **Tracking:** an impression is counted when a slide is at least half visible for about a second (once per page visit). A click is counted when a linked banner is clicked. Bots are not counted. Reports update hourly buckets in Dubai time.
- **MW Realty ads (Super Admin):** any page, optional **From** / **Until (including)** dates as whole Dubai days (empty = always on), **On/Off** switch, slide order. They are approved automatically. New ones go first in the order.

3. Who can do what

Action	Super Admin	Agency	Agent
See Advertisements in menu	**Yes (badge = waiting for review)**	**Yes**	**Independent only; agency agents: hidden**
Book / edit / cancel own ads	**No (adds MW Realty ads instead)**	**If plan includes ads, KYC approved**	**Independent, plan includes ads**
Pay with credits	**—**	**If credits available**	**If credits available**
Approve / Reject / Take down client ads	**Yes**	**No**	**No**
Add / edit / delete / switch MW Realty ads, reorder	**Yes**	**No**	**No**
Placements & pricing	**Yes**	**No**	**No**
KYC pending	**n/a**	**Locked**	**Locked**
Plan without advertising	**n/a**	**Upgrade card**	**Upgrade card**

A plan includes advertising when MW Realty set a maximum ad length on it. If an agency agent calls the page directly, the server answers “Advertising is managed by your agency.”

4. Fields and validation

Client booking (Book an Ad / Edit Ad)

Field	Required	Rules / messages
Ad name	Yes	Max 120 characters. Only the account sees it.
Banner image	Yes (new)	Image file, max 8 MB, within the allowed dimensions (hint “About 16 : 3, e.g. 2400 × 450 px”). Missing: “Choose a banner image.”
Phone image	No	Image, max 4 MB (hint 2 : 1, e.g. 800 × 400 px). **Remove phone image** link.
Image description	No	Max 255 characters.
Text over the image	No	Per language tab: **Small heading** max 30, **Title** max 60, **Short text** max 120 (live counters).
Where it links	Yes	Listing: “Pick one of your active listings.” Web address: “Enter a full web address starting with https://” (max 500).
Page / Day / Start hour / How long	Yes	Start too early: “Pick a start from DD Mon, HH:00 onwards.” Too far: “Ads can be booked up to 60 days ahead.” Slot full: “<Page> is fully booked at DD Mon, HH:00. Pick another time or page.” Length: “Your <Plan> plan allows ads of up to …”. Closed page: “Ads can't be booked on this page.”

Field	Required	Rules / messages
How to pay	Yes	Plan ads used: “You've used all N ads included for <Month>. Pay with credits instead.” / “Your plan doesn't include free ads — pay with credits.” Credits off: “Credits aren't available on your account.” Low balance: “This needs N credits but you have M. …”

MW Realty ad (Super Admin) and placements

Field	Required	Rules
Ad name	Yes	Max 255.
Address (A page or website)	No	Empty = image-only ad. Must start with `/` or `http(s)://`. A site path opens in the same tab; other sites in a new tab.
A listing	If chosen	Any active listing: “Pick an active listing.”
From / Until (including)	No	Until must be on or after From.
Placements: At once / Credits / hour / Credits / day	Yes	At once 0–50; credits 0–1,000,000. Switch = “Open to clients” / “MW Realty ads only”. Changes apply to new bookings only.
Reject reason	Yes	Max 500; quick-pick reasons offered. Shown to the client.

5. Test scenarios

Priority: **High** core flow / money / access · **Medium** · **Low** cosmetic. “Client” = approved Agency or independent Agent with advertising in the plan.

	Scenario	Steps	Expected result
AD-01	**Menu visibility by role** High	1. Check the sidebar as Super Admin, Agency, independent Agent, agency Agent.	Shown for the first three; **not shown** for an agent who belongs to an agency.
AD-02	**Locks** High	1. KYC-pending Agency: check menu. 2. Approved Agency on a plan without ads: open Advertisements.	1: padlock “Unlocks after KYC approval”. 2: padlock “Upgrade your plan to advertise on the website”; page shows “Advertise on the MW Realty website” upgrade card.
AD-03	**Client list and allowance tile** Medium	1. As Client open Advertisements.	KPIs, allowance “N of M ads left this month”, “Up to <length> per ad”, “resets 01 Mon”, credits balance if available. Empty: “You haven't booked an ad yet. Book an ad.”
AD-04	**Book with plan ad** High	1. Click **Book an ad**. Enter name, upload banner. 2. Link: one of my listings. Page, day, length, a free start hour. 3. Pay with **Plan ad**; click **Book & send for review**.	Toast “Ad booked — MW Realty will review it before it goes live.” Opens the ad report with chip **In review** and info “MW Realty is reviewing this ad…”. Allowance left −1. Not on website yet.
AD-05	**Book with credits** High	1. Book an ad, choose the credits option (shows cost and balance). 2. Submit.	Cost = hours × credits/hour (under a day) or days × credits/day. Balance reduced; Credits history entry “Advertisement: <Page>, DD Mon HH:00 (<length>)”. Row shows “paid N credits”.
AD-06	**Not enough credits** High	1. Choose credits with cost above balance; submit.	Warning “You need N more credits. Top up credits”. Server refuses with the credits message; no ad created; no credits taken.
AD-07	**Plan ads used up** High	1. Use all plan ads for this month. 2. Book another for this month; then for a day next month.	This month: Plan ad disabled, form switches to credits (if available). Next month day: Plan ad selectable again.
AD-08	**Length limited by plan** Medium	1. Plan max 6 hours. Open step 3.	1–6 hours selectable; 12 hours, 1, 2, 3 days show a padlock, tooltip “Available on a higher plan”. Text “Your <Plan> plan books up to 6 hours per ad.”
AD-09	**Hour grid and full slots** High	1. Set a page to 1 client slot (Super Admin). 2. Client A books 18:00 for 2 h; Client B opens the same page and day.	For B, 18:00 and 19:00 show “Full” and are disabled. Choosing 17:00 for 3 h shows warning “18:00 is fully booked on this page — pick an earlier start…” and Book is disabled.
AD-10	**Slot taken during booking (race)** Medium	1. Two clients open the same last free hour; both submit.	Second gets “<Page> is fully booked at DD Mon, HH:00. Pick another time or page.” Grid reloads.
AD-11	**Past hours and date limits** Medium	1. Pick today: check earlier hours. 2. Try a day more than 60 days ahead.	Passed hours show “—” and are disabled (earliest = next full hour, Dubai). Day picker stops at 60 days ahead.

	Scenario	Steps	Expected result
AD-12	**Required banner** Medium	1. Fill everything except the banner; submit.	“Choose a banner image.” Nothing booked.
AD-13	**Image too large** Medium	1. Upload a banner over 8 MB or larger than allowed dimensions.	Error under the banner field (names “Banner” / “Phone banner” for dimension errors). Not saved.
AD-14	**Link validation** Medium	1. Choose **Another website**, enter `www.test.com`. 2. Choose **One of my listings**, pick none.	“Enter a full web address starting with https://” / “Pick one of your active listings.”
AD-15	**Text limits and preview** Low	1. Type in Small heading, Title, Short text; switch language tab; switch Preview Desktop / Phone.	Typing stops at 30 / 60 / 120; counters turn warning colour near the limit. Preview shows the text over the image, phone image on Phone if uploaded.
AD-16	**Edit ad in review / upcoming** High	1. Open an **Approved · upcoming** ad, click **Edit**. 2. Change title text, **Save & send for review**.	Booking box is read-only (Page, Starts, Runs for, Paid with). Toast “Ad updated — it will be reviewed again before it goes live.” Status back to **In review**.
AD-17	**No edit after start** Medium	1. Open a Live or Ended ad.	No Edit button / icon.
AD-18	**Cancel before it runs** High	1. Click **Cancel** on an In review or upcoming ad; confirm **Cancel ad**.	Dialog “Cancel this ad?” stating credits refunded or plan ad no longer counted. Toast “Ad cancelled.” Chip **Cancelled**, row in Past; credits / allowance back.
AD-19	**Stop a live ad** High	1. Click **Stop** on a Live ad; confirm **Stop ad**.	Dialog “Stop this ad now?” (“…time it already ran isn't refunded.”). Toast “Ad stopped.” Chip Ended. No refund; plan ad still counted. Banner gone from site on next load.
AD-20	**Super Admin review queue** High	1. As Super Admin open Advertisements › **Client ads**.	Sidebar badge and tab badge = ads waiting. Filter pills Waiting for review / Approved · upcoming / Live / Past / All. Cards show client, type (Agency / Agent), page, time, payment, link.
AD-21	**Approve** High	1. Click **Approve**, confirm. 2. Check client's bell and list.	Toast “Ad approved — it runs in its booked time.” Badge −1. Client notification “Ad approved”. Client chip **Approved · upcoming**, then **Live** at start time.
AD-22	**Reject with reason** High	1. Click **Reject**; submit empty reason; then pick a quick reason and **Reject ad**.	Empty reason is refused. Then toast “Ad rejected — the client has been told why.” Client sees chip **Not approved** with the reason and refund text; credits / plan ad returned.
AD-23	**Take down a live ad** High	1. On a Live client ad click **Take down**, enter reason.	Modal says time already run isn't refunded. Ad leaves the website; chip Not approved; no refund.
AD-24	**Not reviewed in time** Medium	1. Book a 1-hour ad soon; leave it unreviewed until after its end (+ up to 15 min).	Chip **Not reviewed in time**, note “It wasn't reviewed before its booked time ended.” Refund / allowance back; client notification. Super Admin cannot approve it any more.

	Scenario	Steps	Expected result
AD-25	**Website display and Sponsored label** High	1. During an approved ad's hours open its page on the website (e.g. Home).	Banner shows in the ad slider with “Sponsored” and the advertiser name; client ads before MW Realty ads; slides change about every 6 s. Outside its hours it is not shown.
AD-26	**Impressions and clicks** High	1. View the live ad on screen for a few seconds; reload once; click it. 2. Open the ad report in CRM.	Impressions and Clicks increase; CTR = clicks ÷ impressions × 100; Hour by hour, Busiest hours and By day fill in (“Updated … ago”).
AD-27	**Link targets** Medium	1. Click ads linking to a listing, a profile, an external https site.	Listing / profile open on MW Realty; external site opens in a new tab.
AD-28	**Add MW Realty ad** High	1. Super Admin: **Add MW Realty ad**, banner, page, leave dates empty, On; **Add ad**.	Toast “Ad added.” Card is first (#1) with “Always on”, chip Live; shows on that page's slider after client ads.
AD-29	**MW Realty ad date window and Off** Medium	1. Set From = tomorrow; save. Then switch another ad Off. 2. Set Until before From.	Future one: chip Scheduled (Scheduled filter). Off: “Ad switched off.”, not on website. Until before From is refused.
AD-30	**Reorder, edit, delete MW Realty ad** Medium	1. Use up / down arrows; edit a card; delete one and confirm.	Order number changes and the website slider follows it. “Ad updated.” Delete dialog “Delete this ad?”, toast “Ad deleted.” Client ads have no Delete.
AD-31	**Placements & pricing** High	1. Open the tab; close a page to clients; change At once and prices; **Save placements**. 2. As client open Book an Ad.	“Placements saved.” Closed page is not offered to clients (and pages with 0 slots). New prices used for new bookings; existing bookings keep their price.
AD-32	**Super Admin filters** Low	1. Filter by page; search by ad or client name; change state pills; paginate.	Lists filter correctly; URL keeps the filters; empty text “Nothing waiting for review — all caught up.” / “No client ads here.”
AD-33	**Other account's ad** High	1. As Client B open `/crm/ads/<id of Client A's ad>`.	Not found; no data of A shown.
AD-34	**Dubai time display** Medium	1. Set your computer to another time zone; book 18:00.	Summary, list and report show 18:00 (Dubai); ad runs at 18:00 Dubai time.
AD-35	**Phone width** Low	1. Open list, booking form and report at ~375 px; open a page with a phone image ad on a phone.	Layout stacks, hour grid usable; website shows the phone image when one was uploaded.

6. Expected results checklist

- [ ] Only approved ads appear on the website, and only in their booked Dubai hours.
- [ ] Slot limits per page are respected; a full hour can never be booked.
- [ ] Plan allowance and credit cost / balance are correct before and after booking.
- [ ] Reject / cancel before running refunds; stop / take down while live does not.
- [ ] Edit is possible only before start and always sends the ad back to review.

- [ ] Client notifications match approve / reject / not reviewed.
- [ ] Impressions, clicks and CTR increase from real views and clicks.
- [ ] Agency agents never see the menu; clients never see other accounts' ads.

7. Known behaviour (not bugs)

- An ad shows nowhere until MW Realty approves it, even if its start time has passed. If approved late, it runs only for the rest of its booked time.
- The Super Admin sidebar badge counts only ads still waiting whose time has not ended.
- The hour grid shows one day. A booking that runs past midnight is checked against the next day's slots only when you submit.
- Client ad order in the slider changes on each page load (random), by design.
- Impressions are counted once per page visit per slide, not every time the slider comes round. Opening the page repeatedly in quick succession may be limited.
- Stopping a live ad does not give the plan ad back.
- A banner linked to a listing that is later deactivated or sold stays visible but cannot be clicked.

Test-data cautions: use test banners (no real brands or people), test accounts and sandbox credits only. Do not approve test ads on pages real visitors use at busy times unless told to. Do not buy credits with a real card. Remove or switch off MW Realty test ads after testing.

8. Reporting a bug

Include: role and account, plan (ad length, ads per month), credit balance before/after, ad ID and name, page (placement), booked start (Dubai) and length, payment type, status chip shown, website page URL checked, time, expected vs actual, screenshot. Use test data only.
